Wiatrowski told me that he knew you. I don't know if he told you about our group project but if you are interested, let me know and I will add you to our group chat.

Do you speak Polish? The chat is in English/Polish, so both are fine to use.

Download the chat client here: <http://www.gadu-gadu.pl/>

Tell me when you're done and I'll add you.

I don't speak Polish, my grandfather was the last one to speak it and he refused to teach my father. He believed very strongly in integrating. I'm not home right now, I'm on mobile, but I'll shoot you a message as soon as I download it.

1. 23
2. Mostly Polish. Some Irish/Scottish from my mothers side.
3. Served a tour as a tank crewman in the U.S. Army. Currently about to finish up my service.
4. English and conversational Spanish. In the process of learning German but barely conversational.
5. Currently a tank gunner, already have a job offer when I get out working in safety consulting.
6. Modern Rite Catholic, although I'm severely lapsed. I've fallen out with the Church due to the increasing liberalism.

I like what I'm hearing. I'll introduce myself a little bit and tell you what you'll be dealing with.

My name is Liam. I've started my own group/think-tank by myself and hand picked my members based on my judgement. All of the members must be Polish/have Polish lineage, and have a serious faith in Catholicism or Paganism. We have a couple Pagans in the group but its mostly Catholic Traditionalists. We do not recognize the Vatican II, since its clear that its been infiltrated by Zionists. My group is to eventually be transformed into a Paramilitary. We have 3 Poles going into Straz Graniczna (Armed Border Guard), I'm in my Senior year of highschool and I will be enlisting into the Marine Corps next year, and Wiatrowski is former-National Guard/Medic/Firefighter. It seems like you will be a perfect addition to the group as well. I'm looking for devoted members who want to defend their Polish heritage

way to broadcast ideas. We are planning some meetups soon in the United States exclusively. Next year is Poland.

I'm in. I'll let you know when I get into GG and we can go from there. I'm assuming you'd prefer to communicate through that.

Apparently my email REALLY doesn't like the confirmation emails from GG. Still trying.

You have a reenactment account on fb right? Are you friends with Wiatrowski? We could just use that for a few days.

I'm friends with him on my personal account. I could make a reenacting account, I've been meaning to for a while.

don't think any of us use facebook to post anything. Its just more convenient at the moment to use messenger since you're not on GG yet. Plus its a quick alternative.

That's right. I'm okay with using it, you're right, I barely ever post anything myself.
