Dr. E. C. Brooks

State Supt. Public Instruction

Raleigh, N.C.

My dear Sir:-

As Chairman of the State U.C. Text Book Com.,  
I am writing to you, as highest authority in Public  
Education in our state, for assistance in our work.  
You know the Daughters of the Confederacy stand for  
True History of the South and are hoping to see it taught  
in our schools. Last year Muzzy's U.S. History was read  
by a number of our Daughters who saw that it was not  
a fair history of the South (the author may have been  
unaware that it was so). The State and General Conventions  
condemned the use of the book in our schools. These  
conventions represent six thousand and a hundred  
thousand <sup>women</sup> respectively. We are asking you to please

UNITED DAUGHTERS OF THE CONFEDERACY  
NORTH CAROLINA DIVISION

place this before your Book Commission when next it meets if there is no way to get it out sooner.

Does not the State Book Commission have power to reject the use of books? If they do not, who does have this power? Is there any way to keep advertising agents for publishing houses from having too much to say about what our children are studying?

I am no agent - but I do want to tell you of a little book, "Truths of History", Mrs Mildred Lewis Rutherford of Athens, Ga has written. It would be most helpful to teachers of history as supplementary aid in presenting lessons to the pupils who have histories not fair to our Southland.

I am trying through the U.D.C.'s to place copies of these books in reach of all teachers of history in our state. If you do not have a copy I will be glad to send you one, so you may see what it contains.

UNITED DAUGHTERS OF THE CONFEDERACY  
NORTH CAROLINA DIVISION

Your endorsement of it and a word from you to our teachers to read it will be a great help to us. Am sending you a copy of Miss Rutherford's "Measuring Rods". Please look over it.

We do not want to be unfair to the North but we do want our children taught the truth in regard to their ancestors. Please lend us your aid and in return you will receive the appreciation of six thousand women in our state today and many times that number in years to come. Most Sincerely

My Dear Sir:

As Chairman of the State U. D. C. Text Book Committee, I am writing in regard to the selection of United States Histories you are about to make for use in our State Schools.

I want to ask your cooperation in a work that is vital to the life of true history of the South. One book, "Muzzy's United States History" has been condemned by both the General and State organizations, as a book both unfair and treacherous to the history of the South. A casual glance through its pages will convince you, I am sure, that it deserves no place in Southern Schools, unless we desire our children instructed that the North has figured most largely in the building of our Nation; that the cause of the War between the States was an unworthy cause, the sole reason for which being slavery.

It says that Abraham Lincoln, the first American, was the savior of our country while Jefferson Davis, the President of the Confederacy, was a liar and a traitor.

Taught thus we cannot expect our boys and girls to be loyal and zealous in upholding the principals and ideals of the true South.

We, descendants of the men who wore the grey, demand that truth of history be taught; that the South be given her place in American history. A small book, compiled by Miss Mildred Lewis Rutherford of Athens, Ga. would be a most helpful guide as a supplement to the teacher in planning the lessons. Please write Miss Rutherford to send you a sample copy for inspection.

I have asked Mrs. F. P. Hall of Belmont, N. C., a member of my committee, to make a careful reading of both Muzzy's Unrevised and Revised edition. After so doing, she sends me the enclosed note, which I beg you to read.

Have you reviewed Waddy Thompson's United States History? It is published by D. C. Heath & Company of Boston, New York and Chicago. Have you also reviewed Matthew Page Andrews United States History? Please give both books your careful consideration before making a selection.

Thanking you in advance for any consideration you may give this letter, I am,

Most sincerely,

*Mrs. Frank L. Wilkins*

Dear Mr. Foust -

Addressing you as a member of the Text-book Commission I am asking your attention for a moment to voice the protest of patriotic Southern women against the issue of Muzzie's History of the U.S. in many of our schools.

If you will take the trouble to read the book closely, you will find some of the statements both untrue and unjust, even after a pretense was made at revising it. You will further see it is

grossly misleading and that we  
are badly misrepresented.  
Our Chapter of the Daughters of the Confede-  
racy is composed of about two hundred  
representative women of Charlotte,  
and we do earnestly implore, in  
the name of truth and justice, you  
to lend your influence in abol-  
ishing Muzzie's History of the U.S.  
and any other book that is unfair  
from our schools.

Would most respectfully recommend  
Miss Rutherford's "Truths of History", a little  
book of rare value, as a supplementa-  
rily in the school.

vital to the true history of our South.

You, no doubt, already know that Muzzy's United States

Divisions of U. D. C., is still used in many of our  
schools.

yourself you will see how terribly we are misrepresented.  
What you do must be done quickly.
