Quote running past your for Derek ... was supposed to be sent yesterday, but I spent all afternoon getting in trouble for consorting with Democrats. :) Please tweak as you'd like and let me know as soon as you can this morning.

Can you run this by Mayor Sprouse for use in the Berry St. testing results news release?

This is what we drafted. Of course we can tweak as needed.

“Tyson Foods has been part of the fabric of Arkansas since 1935, and we are grateful they have taken the proactive step of conducting testing in the Northwest region and disclosing the results. We are proud to collaborate with Tyson, and their leadership will help us better understand the impact of COVID-19 in our community and how best to protect the residents of Benton and Washington counties.”

Do you have a quote handy I can run by the Mayor for his approval for the Berry St. release? We captured a few soundbites on-camera but he asked they we draft something and send to him for approval.
